Bangor Area School District Board of Directors Recognition Month

Have you thanked a school board member lately? January is School Director Recognition Month, a recognition that honors members of local boards of education for their commitment to providing quality public education for Pennsylvania's school children.

School directors generously contribute their time and talents toward the advancement of public education. Some of their responsibilities include the establishment of policies that provide the framework for our public schools, annual budget approval, facility improvements, and staffing. As representatives of their local communities, they complete PSBA training sessions, serve on committees, and attend monthly board meetings.

These dedicated volunteers reside in our community. They are our friends, neighbors, community leaders, parents, and engaged senior citizens. Although communities make a special effort to show gratitude to school directors in January, their contribution is a year-round commitment, and deep appreciation is extended to them always. The Bangor Area School District extends a sincere "Thank You" to the members of the 2024 BASD Board of Directors:
