## PennDOT Announces Funding Opportunity for Electric Vehicle Infrastructure Grants

By Sean Brown

Harrisburg, PA – The Pennsylvania Department of Transportation (PennDOT) today announced a Notice of Funding Opportunity (NOFO) for Round 1 of the National Electric Vehicle Infrastructure (NEVI) Grant program. The application period will open on February 24, 2023 until 5:00 PM EST on April 6, 2023.

"The NEVI Grant Program provides an opportunity for Pennsylvania to build out our EV charging infrastructure," said PennDOT Secretary Yassmin Gramian. "We've created this grant program with considerations of equity in mind, with scoring to ensure local workforce and diversity in partnerships."

As part of the Bipartisan Infrastructure Law (BIL), PennDOT will receive and distribute \$171.5 million in federal formula funds for electric vehicle (EV) charging infrastructure over the next five years. For the Round 1 funding, PennDOT has advanced appropriations of \$25.4 million for federal fiscal year (FFY) 2022 and \$36.5 million for FFY 2023. Some of this amount may be used for labor & workforce training, planning, outreach, and program management as allowed by NEVI guidelines. Approximately \$56 million is anticipated to be available for applicants. The PA NEVI grant program is a reimbursement grant program and applicants are required to provide a minimum 20% match.

Funds for the PA NEVI grant program are to be awarded on a competitive basis to plan, design, construct, operate, and maintain EV Station Infrastructure sites across Pennsylvania.

Most entities are eligible to receive NEVI funds; however, PennDOT anticipates most applicants will be public-sector entities, incorporated nonprofit entities, and corporations or business entities registered to do business in Pennsylvania.

The NEVI grant funding supports the commonwealth and federal goal of expanding EV charging along the previously designated (AFCs) (list) and Interstate lookalikes.
