

Bangor Hoist Update

Continued from page 1

The timber frame components were carefully labeled, disassembled, then transported to the Hoist by R.E. Daumer Trucking. Loading and unloading was done with machines brought in and operated by Mike Saia. Volunteers will re-assemble the trusses and raise the timber frame as weather and schedules permit.

The L. V. Chamber to Host Young Professionals Event & Tour

By Angela DelGrosso

LEHIGH VALLEY - The Young Professionals Council of the Greater Lehigh Valley Chamber of Commerce proudly presents their Annual #AdultingSeries: Take Your Career to the Next Level on Wednesday, January 30th at the next Northampton Community College Fowler Family Southside Center. This event will be from 5:30PM - 8:00PM and includes a tour of the Center for Innovation and Entrepreneurship, complimentary appetizers, one drink ticket and networking with professionals of all ages.

Our program will teach professionals how to level up and take their careers to the next level. Hear from Sue Yee with Active Data as she discusses negotiation tactics, Ashley Russo with ASR Media on the positives of being involved in the community, and Dr. LaKeisha Thorpe on how furthering your education can only be a benefit our future!

The Fowler Center is more than a building of classrooms and workshops. This is a community center—a space for innovation, a business incubator, and an academic institution. It is a safe space for children, young adults, and families to learn and grow. Located in Bethlehem, the Fowler Center offers a space for our community to engage in classes, embark on professional development, and explore lifelong learning initiatives.

The new Center for Innovation and Entrepreneurship (CIE) at the Fowler Center is a space where the students and community of Northampton Community College can prepare for the demands of the 21st century economy. The Fab Lab, a fully equipped 3-D fabrication studio and makerspace, has expanded from its original 3,800 feet to a total of 7,500 feet. Inside, students have access to high-tech tools and instructions to launch their ideas and jump start their businesses.

Blue Valley Farm Show
