GRAND CENTRAL LANDFILL

EASTERN EXPANSION REZONING FACT SHEET

Grand Central Landfill is requesting Plainfield Township to rezone 211 acres of land adjacent to the current solid waste district. To facilitate the Eastern Expansion, the proposed expansion area would yield a 133-acre solid waste permit boundary to accommodate the infrastructure necessary (access roads, stormwater basin, etc) to support an 81-acre disposal area using a 50-100 foot high mechanically stabilized earthen (MSE) berm around the landfill perimeter.

**CONTINUATION OF
CURRENT OPERATIONS**

- Acceptance of the same waste volumes
- Designated truck route remains
- Utilization of existing accessory infrastructure
- Continued wildlife and conservation focus
- Continued Host Fee benefits to community
- Preservation of 150+ Jobs in the State Belt
- No change in permitted waste types
- Continued operations of the Green Knight Energy Center
- Expansion will provide 20-Years of Regional Disposal Service
- Project will require review and approval from PennDOT for the proposed intersection with Pen Argyl Road. This may include a traffic signal and lighted truck crossing signs

Jan. 20 is Martin Luther King Jr. Day

By Senator Rosemary Brown

Dr. Martin Luther King Jr. dedicated his life to the pursuit of justice and equality, championing peace even as he worked to bring about transformative change. In times of challenge and transition, his unwavering commitment to treating others with respect and dignity serves as a powerful reminder for us all.

As we honor his legacy, let us celebrate his message of decency and compassion, embracing the idea that differences in perspective can coexist with mutual respect.

In 1983, President Ronald Reagan who signed the legislation establishing the third Monday in January as a federal holiday to commemorate Dr. King's extraordinary life and enduring impact on our nation. On Monday, we reflect on his dream and recommit ourselves to the values he lived by.
