Not available in all states. Other insurance provided by Progressive Casualty Ins. Co. & affiliates, Mayfield Village, Ohio, and Progressive County Mutual Ins. Co., Austin, Texas. Discounts not available in all states or situations.

a WILD week IN REVIEW

I hope you all had a fantastic Presidents' Day Weekend! On my end, I was thrilled to spend this week in our district, meeting with constituents and visiting local businesses and organizations. On Tuesday, I had the opportunity to tour the Cencorca distribution center in Bethlehem and speak with employees who do the important work of ensuring health care networks, veterinarians, and pharmacies have access to the medicine they need to treat patients. It's always so wonderful to connect with local workers and businesses to hear about the issues that are most important to them.

This week, I was also proud to recognize Brion Insurance Agency of Horsham as a state finalist for the Department of Defense's Freedom Award. The Freedom Award highlights small businesses that go out of their way to help service members and their families. In Congress, I've consistently advocated for our men and women in uniform, and I'm so grateful the Brion Insurance Agency is doing that work right here in our community.

I am also continuing to stand with our international allies and defend the human rights of people around the globe. To that end, I joined a dozen of my colleagues this week to call on President Biden to use every tool at his disposal to pursue a provisional ceasefire agreement between Israel and Hamas that includes the release of all hostages while also sending substantial humanitarian aid into Gaza. It is past time for us to take action on behalf of the hostages, their families, and the innocent civilians in Gaza. To read our full letter, click [here](#).

Rep. Wild Celebrates Historic Grant for Lehigh Valley International Airport

On Tuesday, I was so happy to visit the Lehigh Valley International Airport to celebrate the historic \$40.8 million investment they received as a result of a federal grant that I fought hard for in Congress. For the past four years, ABE has processed record-breaking amounts of cargo, helping businesses distribute their products and obtain the supplies they need. This grant will fund the construction of a new cargo complex to help the airport meet current demand and increase their cargo capacity.

I've said it before – investments in our infrastructure are investments in our local economy. The Lehigh Valley International Airport has long been an economic pillar in our community, bringing in goods and products and connecting the Greater Lehigh Valley with the rest of the world. I'm proud to have fought for this grant and previous investments in ABE.
