

Old Mine Road Repairs Resume between Millbrook and Flatbrookville

By Kathleen Sandt / Public Affairs Specialist National Park Service

BUSHKILL, PA- National Park Service officials announced today that the second phase of construction on the section of Old Mine Road between Millbrook and Flatbrookville is set to begin on Tuesday, March 17, 2020. The one-mile section of road on the New Jersey side of the park between mile-markers 13 and 14 was reconstructed and paved last fall during the first phase of the rehabilitation project. Work is expected to be completed by the end of June.

"Construction will resume on the storm drainage rehabilitation portion of the project including ditches, culverts, and pipes, all of which are all necessary to ensure that the new pavement lasts a long time and that natural resources like adjacent wetlands and the Big Flatbrook Creek are protected from harmful runoff," said park engineer Richard McKenna. The work schedule has been structured to provide the least inconvenience possible to visitors and commuters who use that popular section of road.

Work will take place between 7 am and 6 pm on weekdays and will include: completing the stormwater drainage systems; applying an asphalt finishing surface; installing guardrail that meets current standards at the intersection with Blue Mountain Lakes Road; line striping and installation of signs; seeding and restoration of disturbed slopes.

Traffic Impacts: Motorists in that area can expect single-lane closures on weekdays during construction. Flaggers will be on-site to ensure that traffic is able to safely flow through the construction zone with minimal delays, however there may be extended delays of up to 30 minutes during some phases of the work. These longer delays will not take place before 9 am or after 3 pm to accommodate commuters. Additionally, this section of road will be fully closed for no more than 5 days during paving, fog sealing, and line striping operations. These closures will be announced a week in advance at www.Facebook.com/DelWaterGapNPS and are subject to changes based on weather. During these road closures, signs will be posted on roads coming into the area to alert motorists.

If evening closures are necessary, they will only be allowed on weeknights, between the hours of 9 pm and 5 am, and they will be announced a week in advance. No work is expected to take place on weekends or on holidays, and no work will take place on Fridays preceding holiday weekends.

This work is part of a \$3.1 million project funded through the Federal Lands Transportation Program to completely rehabilitate the roadway from the sub-base up to the driving surface and to rehabilitate drainage systems to improve stormwater management and water quality along that stretch of road.
