America 250PA Keystone Classroom Initiative

By Rep. Ann Flood

EASTON - On Thursday, I attended an America250PA Keystone Classroom Initiative visit at Avona Elementary School in Easton. It was an enlightening event celebrating Pennsylvania's integral role in U.S. history and its impact on the nation.

The Pennsylvania Commission for the United States Semiquincentennial (America250PA) was established by the Legislature and governor in 2018 to plan, encourage, develop and coordinate the commemoration of the 250th anniversary of the founding of the United States, and Pennsylvania's importance to the nation's past, present and future.

America250PA has launched its Keystone Classroom Initiative, a storytelling and visitation program for kindergarten through fourth-grade classrooms, children's hospitals and youth camps across the Commonwealth.
