Grand Reopening of Goodwill Keystone Area Bethlehem Store

By Rep. Joe Emrick

Last week, Goodwill Keystone Area Bethlehem was presented a state House of Representatives citation congratulating them on the reopening of their Nazareth Pike store during a ribbon-cutting ceremony.

The new space will allow this great organization to continue the work it's doing for the community, providing a place to recycle old articles of clothing, offering a free e-waste recycling initiative, supplying benefits counseling, reentry services and vocational and job readiness programs to those in the Bethlehem community, and serving as a safe, healing environment for people with a mental illness with its Clubhouse of Lehigh County.

April is Distracted Driving Awareness Month

By Rep. Joe Emrick

Distracted Driving Awareness Month is recognized each April to remind drivers of the dangers of distracted driving and to decrease the traffic crashes, fatalities and injuries.

Distracted driving includes anything that takes your eyes off the road, your hands off the wheel and your mind off the task of driving. Examples include eating, drinking, smoking, adjusting the radio, texting, talking with passengers and talking on a cell phone.

To help combat distracted driving, Pennsylvania will soon implement "Paul Miller's Law," which prohibits a driver from using a hand-held device while driving. The law is named after Paul Miller, who was tragically killed in a crash with a tractor trailer in 2010 in Monroe County as a result of a distracted driver who reached for their phone.

Enforcement of the law begins on June 5, and violations during the first 12 months will result in a written warning. Effective June 5, 2026, the penalty for violations will be elevated to a summary offense with a \$50 fine, plus court costs and other fees.

To learn more about distracted driving, please visit penndot.pa.gov/safety.

Boost Your Financial Literacy

By Rep. Joe Emrick

April is Financial Literacy Month, a reminder that it's never too early – or too late – to learn more about managing your finances.

Financial literacy is the ability to understand and effectively use various financial skills, including personal financial management, budgeting and investing. When you are financially literate, you have the essential foundation for a smart relationship with money.
