Help Limit Spread of Spotted Lanternfly

By Rep. Joe Emrick

With the state's spotted lanternfly quarantine now expanded to 56 counties, the Pennsylvania Department of Agriculture is encouraging everyone to destroy lanternfly eggs in the coming weeks to help protect valuable food and ornamental crops.

Adult insects die off over the winter after laying tiny rows of eggs, covering them with a putty-colored protective coating. The egg masses, which can be on any outdoor surface, from trees and rocks to equipment and lawn furniture, each contain 30-50 eggs approximately the size of a pinhead and have survived winters in sub-zero temperatures. Scraping and smashing them is easy and requires no special tools.

To learn how to recognize and report spotted lanternflies, control them on your property and keep from taking them to new homes when you travel, visit agriculture.pa.gov/spottedlanternfly https://links.pahousenews.com/q/i_OUUPrX930X-l6JfI9cR9i3zKsV3l5N3T7ZcOJYnZ0aW1lc0ByY24uY29tw4gAFI2EaQkeYNjLFwf21J1wBgJZdA.

Heating Assistance Program Extended Through April 18

By Rep. Joe Emrick

While the cold weather is finally waning, residents who are struggling with their home heating bills are reminded they can still apply for assistance from the Low-Income Home Energy Assistance Program (LIHEAP) through next Friday, April 18.

LIHEAP is a federally funded program that helps individuals and families pay their heating bills through home heating energy assistance grants. It also provides crisis grants to help in the event of an emergency or if a resident is in danger of losing his or her heat due to broken equipment, lack of fuel or termination of utility service.

The income eligibility guidelines for LIHEAP are set at 150% of the federal poverty income level. For example, the gross income limit for an individual is \$22,590 and for a family of four it is \$46,800.

Residents may apply for LIHEAP online at compass.state.pa.us, by phone at 1-866-550-4355 or by contacting the County Assistance Office in their county of residence.
