

Pro-Business Tax Reform Hearing

By Rep. Ann Flood

SLATE BELT - Last Friday, I joined fellow members of the House Republican Policy Committee in a meeting to address the pressing need for comprehensive reform of business-related taxes in Pennsylvania to catalyze economic growth.

Pennsylvania's uniquely harsh business tax and regulatory climate is stifling economic growth. Recently, Pennsylvania was identified as the fifth worst state in the country in which to find a job. This is causing profitable businesses and hard-working people to flee the state, and they are taking good-paying jobs with them.

Pennsylvania has the potential to become a major economic powerhouse. While our uncompetitive tax structure has historically held us back, pro-growth reforms will help unleash private-sector job creation and enable us to realize this potential.

By creating a tax environment conducive to both existing and prospective businesses, we aim to foster the creation of family-sustaining jobs and drive sustained economic prosperity throughout the state. I look forward to further discussions on this critical issue.

Celebrating Earth Day At Miss Roses Preschool

By Michael Ortoski

SLATE BELT - Earth day was celebrated at Miss Roses Preschool with the help from WM's Lead Driver William Heckman and Sr. Community Relations Specialist Adrienne Fors.

The children discussed recycling the right items in their curbside bin followed by an up close look at a shiny new WM truck! The group ended the special visit with a photo and took home wildflower seeds provided by WM to celebrate Earth Day.
