 **LISA BOSCOLA** 18TH SENATORIAL DISTRICT

Senator Boscola Joins the PA Coalition of Nurse Practitioners in Support of Full Practice Authority

"Nurse practitioners are critical to our health care system. Expanding your role makes sense for every resident in Pennsylvania and I am proud to support you."

Nurse practitioners from across the Commonwealth joined together at the PA Capitol in support of Senate Bill 25, a bill that would grant Full Practice

Authority to nurse practitioners and end the outdated restrictions that tether them to physicians. The nurse practitioners are represented by the Pennsylvania Coalition of Nurse Practitioners (PCNP), which represents over 16,000 nurse practitioners across Pennsylvania.

"Pennsylvania needs to be a leader in healthcare and passing SB 25 will put us on a track to provide a better health care system for all Pennsylvanians," Boscola stated. "Don't get me wrong, we aren't breaking any records here; 27 other states already provide full-practice authority to nurse practitioners. I just want us to be number 28."

This is a patient focused bill that seeks to make it easier for patients to get the quality care they deserve which sat in Committee for over a year. "Now is the time to get this bill across the finish line and unlock your full potential to serve your patients," Boscola said.

Senator Boscola also mentioned that she has dedicated her career working to enact laws, such as SB25, that make sense. Providing Nurse Practitioners full practice authority makes sense for everyone involved.
