

A Poem from the Archives of Donald Jones

Exclusively in the Blue Valley Times

THE SEED CATALOG

With all the dark and gloomy days we've had,
We should be in for something better.
But the weatherman hasn't seen fit to help
So I'll take advantage of the postman's letter.

It's the new Burpee seed catalog,
You know the one I mean.
And as I page through it several times
The vegetables are the best I've ever seen.

Walk/roll Lv Almost To The Finish Line

By Becky Bradley
LEHIGH VALLEY - Fresh off its approval by the Lehigh Valley Planning Commission last week, the region's first ever bicycles, pedestrian and multimodal transportation master plan is racing toward the finish line.

After an 18-month open table process that included 250 contributors from across the Lehigh Valley, the Walk/RollLV: Active Transportation Plan will go for final approval before the Lehigh Valley Transportation Study Coordinating Committee at 9 am June 3.

In order to give organizers time to prepare their presentation to the LVTS, the May 27 Multimodal Working Group meeting is canceled. A partnership effort between the LVTS, LVPC, consultant Toole Design and dozens of community partners, the Walk/RollLV plan looks to change habits with suggestions that include dedicated bike lanes, pedestrian safety improvements, traffic calming and ways to better connect the region's trail and sidewalk network, linking not only the communities within the region, but connecting the Lehigh Valley to networks in neighboring regions.

In short, it's designed to transition from a philosophy of moving cars and trucks to one of moving people, and its timing couldn't be better.

THINK GREEN!

This Weeks Trash Tip

From Waste Management

"Remember to flatten your cardboard when placing it in the curbside recycling bin. This helps saves space in the bin. Also, keep all recycling clean and dry and free of food waste.

CHOOSE TO RECYCLE RIGHT

Chances are you recycled something today. Maybe it was a soda can or a cardboard box from an online purchase?

Every time you choose to recycle, you are giving that item a second life to serve a new purpose and save natural resources. Now more than ever it's important that only the right items, free from contamination, make their way into your recycling bin to help keep recycling, and our shared planet, sustainable.

For more do's and don'ts of recycling, please visit www.wm.com/recycleright"

VETERINARY PRACTICES

UPDATED GUIDANCE

Updated Guidelines Available for Veterinary Practices

By State Rep Joe Emrick

BANGOR - Veterinary services have continued to operate throughout the COVID-19 pandemic with precautions in place to avoid spreading the virus. The Department of State recently shared new guidance for veterinary practices to continue to operate safely.

The new protocols are based on the American Veterinary Medical Association's COVID-19 guidelines, which are available below:

Minimizing COVID-19 Exposure and Social Distancing in Veterinary Practice

Guidelines for Use of Personal Protective Equipment (PPE)

COVID -19: What Veterinarians Need to Know: <https://www.avma.org/resources-tools/animal-health-and-welfare/covid-19>
