## KEEP BATTERIES OUT OF RECYCLING AND WASTE CARTS

### Here's why.

Batteries pose a safety hazard for our workers as they can cause fires in our trucks and recycling facilities. Never dispose of batteries in your waste or recycling carts. Instead, safely recycle batteries in the following ways.

- Visit Waste Management's Battery Tracker at [www.wm.lamptracker.com/v2/product\\_battery.cfm](http://www.wm.lamptracker.com/v2/product_battery.cfm)
- Check local City or County websites or local retailers for battery recycling dropoff locations.

Thank you.  
Waste Management
