Rep. Wild and Her Team Celebrate National Police Week

This week, my team and I celebrated National Police Week! Our local law enforcement officers put their lives on the line to keep our community safe, and I am so grateful for the sacrifices they, and their families, make every day.

To mark the occasion, my team spent time celebrating our local police departments and thanking them for the work they do every day on behalf of our community. In D.C., I voted on several measures to increase safety for our police officers, including the Improving Law Enforcement Officer Safety and Wellness Through Data Act, the Police our Border Act, and the Recruit and Retain Act.

To all our law enforcement officers, thank you for all you do and Happy Police Week!

As Families Pay More at the Grocery Store, Rep. Wild Calls on President to Take Action to Lower Food Prices

According to recent analysis by Consumer Affairs, Pennsylvania ranked #1 in the list of states that saw increased food and grocery prices in 2023. Additionally, researchers found that corporate profits accounted for a staggering 50% of food price increases from 2020 to 2021, up from 11% in the four decades prior.

This is simply unacceptable. Pennsylvania working families should not be paying more to fund CEOs' pay raises. In order to address this situation, I am supporting two pieces of legislation, the Shrinkflation Prevention Act and the Price Gouging Prevention Act, which would hold corporations accountable for charging the same price for less products and prevent them from unfairly raising prices.

But I also know that the legislative process can take time and Pennsylvania families need help now. That's why I joined my colleagues in a letter to President Biden urging him to take immediate action to lower prices and hold big corporations accountable.
