LISA BOSCOLA 18TH SENATORIAL DISTRICT

Senator Boscola to Honor Clearview Elementary Students for First In Math Program

By Office of Senator Lisa Boscola

Bethlehem, PA – Senator Lisa Boscola will visit Clearview Elementary School on Friday, May 16, 2025, to commend the school's outstanding performance in the First In Math program, a supplemental online math initiative funded through her legislative efforts. The program has enabled students across Pennsylvania's 18th Senatorial District to engage in interactive math challenges, fostering both skill development and enthusiasm for learning.

During the visit, Senator Boscola will recognize the collective achievement of Clearview Elementary's students, who have collectively solved over 2.7 million math problems using the First In Math platform. Notably, 21 students have earned the prestigious "Grand Champion" status by individually solving more than 30,000 problems each.

"Clearview Elementary's remarkable success in the First In Math program exemplifies the power of targeted educational investments," said Senator Boscola. "These students and their dedicated educators have demonstrated exceptional commitment to academic excellence, and I am proud to have supported this initiative that has clearly made a significant impact."

The First In Math program, implemented in schools across the 18th Senate District, has proven to be an effective tool in enhancing students' mathematical abilities through engaging, game-based learning. Senator Boscola's support of this program underscores her commitment to providing students with the resources they need to succeed.
