IN REVIEW

Happy Memorial Day Weekend! After a busy week down in Washington, D.C., I'm thrilled to be spending the unofficial start to summer back home in the Lehigh Valley. I'm looking forward to joining our community in celebrating and honoring our troops, and the sacrifices they make to protect our nation. As the daughter of a career Air Force officer, I've seen firsthand the dedication and commitment these heroes and their families show everyday. This Memorial Day, I hope you will join me in honoring the lives of those who gave the ultimate sacrifice to keep us safe.

This week, we celebrated the 50th National EMS Week and the critical work of our first responders and emergency medical personnel do on behalf of our community every day. To mark the occasion, I was proud to join a bipartisan group of my colleagues to introduce the National EMS Week Resolution to honor the contributions of all our incredible emergency medical service providers. To all of the amazing EMS personnel in our community: thank you and happy National EMS Week!

Finally, last weekend you may have caught me on Blue Ridge Cable discussing the work I'm doing to lower grocery prices and fight back against shrinkflation and price gouging. I refuse to allow CEOs to line their pockets by raising the price of food on hardworking Pennsylvanians who need to feed themselves and their families. To watch my full interview, click here. Rest assured, I'll keep doing everything I can to lower costs for families in our community and across the U.S.

1 MILLION PACT ACT CLAIMS APPROVED

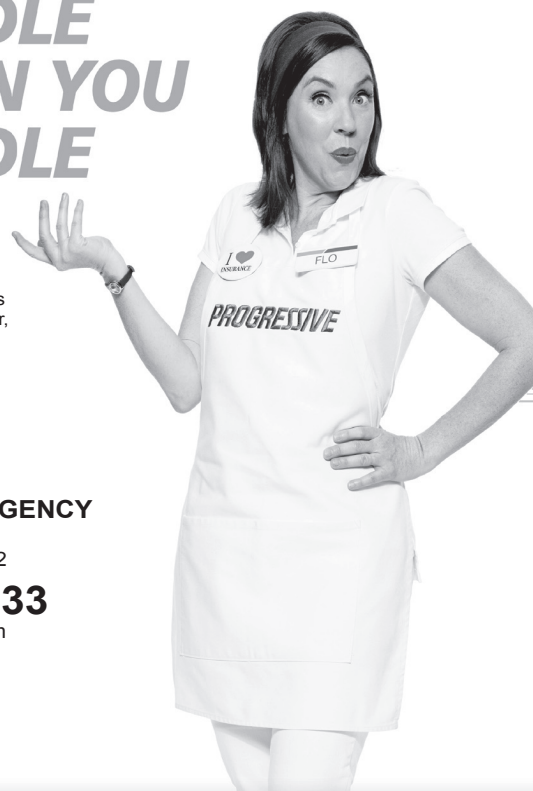

Rep. Wild Celebrates 1 Million PACT Act Claims, Nearly 900,000 Veterans Served

One of my proudest moments in Congress was helping pass the Honoring our Promise to Address Comprehensive Toxins (PACT) Act in 2022. As a nation, we have a solemn responsibility to care for our veterans when they return home from serving our country, and this law helps us do just that by protecting and expanding their access to health care and benefits.

This week, we officially surpassed one million PACT Act claims, and so far, we have gotten nearly 900,000 of our nation's veterans the benefits they deserve. If you or a loved one is a veteran of our armed forces and have questions about the PACT Act, or any of your VA benefits, please contact my office.
