

World Bee Day Celebration

By Adrienne Fors / wm Sr. Community Relations Specialist
PLAINFIELD TWSP. - At Grand Central, the buzz on the landfill is all about the bees. The crew celebrated World Bee Day (May 20th) with friend and local beekeeper John Stone. The habitat team at Grand Central Landfill and John have added 16 hives to the facility's property to support the pollinators.

The celebration included an educational session about Honeybees and a honey taste testing. Sr. Community Relations Specialist Adrienne Fors and WM's Wastewater Treatment Plant Technician Kevin Kelly (also the habitat leader), presented an appreciation plaque to John for his support for the landfill's wildlife habitat certification.

In the photo with the thumbs up of the "landfill honey" is Kylie Goyette.
