

National Garbage Man Day is June 17th!

By Adrienne Fors / WM
PLAINFIELD TWSP
- Each week, most of us probably put our trash out at the curb and forget about it. Someone comes along, collects the trash (and recycling), week after week, no matter how heavy or cumbersome or smelly it is. The men and women that do this job serve a critical role in our communities.

For that reason, we celebrate these folks on June 17th - National Garbage Man Day!

The day recognizes the dedicated efforts of the men and women who keep our communities clean. The role of waste management goes beyond the bin. At WM, we take great pride in the role we play to protect the environment. On

this day, we celebrate the men and women in the waste industry while also recognizing the great strides made in the industry and helping to make the world a better place.

Interested in recognizing your garbage collection team? A few things that you can do:

1. Give a simple wave when you see them. This puts a smile on their face!
2. Share your kudos with them or send us a note! (email afors1@wm.com)
3. Offer a bottle of water or a personal note.
