Happy Father's Day!

By Senator Rosemary Brown

Wishing my father a wonderful Father's Day – thank you for all your love, unselfishness, support and smiles. And to my husband Joe, the father of our children, thank you for all your continued support, love and dedication to our family.

This Father's Day, we recognize and celebrate the fathers and father figures in our lives. We always appreciate the wonderful contributions they make to our families, our communities and our everyday lives. Hoping they all have a wonderful and blessed day.

Happy Father's Day to you all!

Senate Committee Votes to Expand No-Cost Breast Cancer Screenings

By Senator Rosemary Brown

Building on Pennsylvania's landmark law that provides no-cost breast cancer screenings for high-risk individuals, the Senate Banking and Insurance Committee this week unanimously advanced legislation to expand diagnostic screening coverage.

Senate Bill 88 would make diagnostic screenings free for anyone who finds an abnormality on a supplemental screening. The bill expands the number of supplemental screenings available and ensures no-cost diagnostic imaging for patients.

It would ensure coverage for those at average risk of developing breast cancer and expand access to lifesaving early detection tools for many Pennsylvanians. The measure advances to the full Senate for consideration.
