October 2nd-Len Mooney

SENATOR ROSEMARY BROWN

Pennsylvania's 40th District

Serving Lackawanna, Monroe, and Wayne Counties

Congratulations to Corporal Kenneth Palmer, Winner of Liberty Bell Award

By Senator Rosemary Brown

Earlier this week I was happy to present Corporal Kenneth Palmer from the Stroud Area Regional Police Department a Senate Citation for being this year's recipient of the Monroe County "Liberty Bell" award by the Monroe County Bar Association.

The Liberty Bell Award is a recognition given to individuals who have contributed to the understanding and appreciation of the American system of freedom under the law. The award acknowledges individuals who have promoted better understanding of the rule of law, encouraged respect for the courts, and stimulated a sense of civic responsibility.

Congratulations again to Corporal Palmer and thank you for being an exemplary member of our community!

Protecting Our Children: Sex Offender Registry Loophole Closed

By Senator Rosemary Brown

Pennsylvania took a huge step forward in efforts to protect children from sexual abuse in youth sports and nonprofit programs with legislation that was passed by the Senate and signed into law.

Act 22 of 2025 adds the crime of sexual assault by a sports official, volunteer, or employee of a nonprofit association as a Tier II Offense under the state's Sexual Offender Registration and Notification Act.

Without this change, a conviction for this crime did not require sexual offender registration – a gap that left children and families still at risk.

Malicious Deepfake Scams Targeted by New Law

By Senator Rosemary Brown

Technology, such as artificial intelligence, has now been used to commit financial scams, injure personal reputations, and disrupt the political process. Legislation we passed is now enacted to classify these deepfakes and other forms of digital impersonation as digital forgeries, punishable by law.

Act 35 of 2025 amends the current forgery provisions in the state law to include "forged digital likeness." Under this new provision, if someone creates a digital representation of a real person without their consent and distributes it as genuine, with the intent to defraud or injure, they would be subject to penalties. The law targets harmful impersonations while safeguarding legitimate artistic, journalistic and expressive works.

The new law will go a long way toward combatting scams that target teenagers, senior citizens, small businesses and other victims.
