America250PA Day of Service

By State Rep. Ann Flood

I was proud to join volunteers at Second Harvest Food Bank of Lehigh Valley and Northeast Pennsylvania in Nazareth for America250PA's Pennsylvania Day volunteer effort on Friday. During our two-and-a-half hours together, we packed 16,000 pounds of food into 520 boxes to support low-income seniors in our community.

America250PA's Pennsylvania Day encourages Pennsylvanians across all 67 counties to give back and volunteer in their communities. The initiative is part of the Pennsylvania Commission for the United States Semiquincentennial's effort to engage citizens in honoring the Commonwealth's rich history and its role in our nation's story.

Efforts like these are vital to ensuring vulnerable families have access to nutritious meals. I thank America250PA and all partners who made this day of service possible.

Reducing Food Waste, Helping People in Need

By State Rep. Ann Flood

A new state law aims to boost food donation and reduce waste by limiting liability for donated food that is past its "best by" date.

Date labels on food generally are established by the manufacturer to indicate the best use-by date for purposes of freshness; however, many potential food donors misinterpret these labels as "expiration dates" or indicators of food safety. The law aims to encourage the donation of surplus food to help the more than 1.2 million people in Pennsylvania who are food insecure, including more than 325,000 children.

Act 13 of 2025 amends the free-standing Donated Food Limited Liability Act to limit criminal and civil liability for persons who donate food that is fit for human consumption but is past a date code on the food item. The donor must make a good faith evaluation that the food is fit for human consumption and a donor has immunity unless damages result from the negligent, reckless or intentional misconduct of the donor.
