

# DAVE McCORMICK

U.S. SENATOR for PENNSYLVANIA

## Rebuilding American Military Strength

By U.S. Senator Dave McCormick

I recently joined a majority of my colleagues in passing the One Big Beautiful Bill Act. This legislation will provide tax relief to Americans, make historic investments in energy and defense, and restore our country's fiscal health to ensure a strong economy for generations to come.

What this means for you:

The One Big Beautiful Bill Act makes \$150 billion in generational investments in our national defense to rebuild American military strength and our defense industrial base. This bill is a significant downpayment on ensuring Peace Through Strength and will benefit Pennsylvania's innovative defense companies.

The One Big Beautiful Bill Act also prevents the biggest tax increase in American history by renewing the Trump tax cuts, saving the average Pennsylvania family \$2,500 each year.

While no bill is perfect, these provisions will make a real difference in the lives of hard-working Pennsylvanians trying to raise their families and make ends meet across the Commonwealth.

Share your feedback:

I recognize the historic and transformational impact of this legislation on Pennsylvanians will be profound, and you may have questions. If you'd like to provide feedback on the One Big Beautiful Bill, you can contact my office here.

Additionally, I invite you to join my next telephone townhall, scheduled for July 30 at 7:00 PM. Please follow this link to reserve your spot and receive instructions for joining the call.

It is an honor and a privilege to serve our great Commonwealth in the United States Senate. I appreciate having the benefit of your comments.
