

Bangor Area High School College and Career Fair

When? Friday, November 1st 2024, From 8:45–11:15*

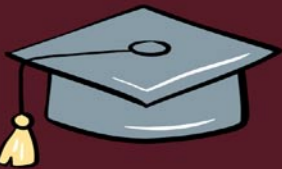

*Please come 30 minutes early to set up
Where? Bangor High School's Gymnasium

Who should attend? Any Slate Belt or Lehigh Valley employer who can offer 9–12th grade students afterschool/summer jobs, job shadowing opportunities, internships, apprenticeships, or mentorship. We are also opening the fair to employers who will hire students without college degrees after high school graduation.

If you do not fit this criteria, we would be delighted to have you engage with our students as a "Lunch and Learn" guest speaker.

Through college and career exploration events like these, we hope to connect our students to future opportunities that are well suited to both our individual students and the larger Lehigh Valley and Slate Belt communities. We hope you can make it!

If you are interested, please contact Alex Ludman at ludmanal@bangorsd.org for more details

Bangor Area High School Partnership and Engagement Opportunities 2024-25

- **College and Career Fair** on November 1st, please see attached flyer
- **Lunch and Learn Sessions:** We're looking for guest speakers to present to our students on college and career pathways/preparation, mindfulness/mental health techniques, etc.
- **Vision Care:** We are looking for vision care for students without vision insurance. This has historically been a voucher program, where students get a free exam and pair of glasses.
- **Food/donations/gift cards:** Over the course of the year, we will be rewarding students for their positive behaviors, as well as teachers and staff for their hard work. Anything you can provide would help us greatly in creating a positive culture!

We welcome any and all engagement/partnership with our school! If you have any ideas, please reach out to ludmanal@bangorsd.org. Thanks!

UNESCO World Heritage Inscription of the Moravian Church Settlements

By Brittney Waylen

EASTON - Northampton County is honored by the UNESCO World Heritage inscription of the Moravian Church Settlements in Bethlehem. The inscription marks a monumental achievement in recognition of our cultural legacy. This special accolade not only honors our community but also reaffirms our commitment to preserving and sharing our history with our global community.

The nomination of Bethlehem's Historic Moravian Church for World Heritage Site status has spanned several years involving the U.S. Department of the Interior and the Bethlehem World Heritage Commission, including Northampton County Executive Lamont G. McClure. On February 1, 2023, the U.S. Department of the Interior submitted a multi-national nomination for Bethlehem's Historic Moravian Church settlement to be designated a World Heritage Site, along with Gracehill, Northern Ireland/UK, and Herrnhut, Germany. It was the U.S. government's first multi-country nomination.

"The County of Northampton has been committed to helping fulfill the World Heritage nomination process requirements. A UNESCO World Heritage inscription is a testament to the dedicated efforts of our community and partners," said County Executive McClure. "I, along with County Council, have supported the Bethlehem World Heritage Commission's acquisition of World Heritage Designation by providing \$600,000 to show our commitment to its preservation for future generations."

The nomination for the Moravian Church Settlements was considered for inscription on the UNESCO World Heritage List during the 46th session of the World Heritage Committee, currently underway in New Delhi, India, from July 21 to July 31. The World Heritage Committee is composed of representatives from 21 nations elected from the UNESCO World Heritage Convention members.

There are only 25 World Heritage Sites in the United States and 1,154 around the world.
