Bushkill Creek Restoration Project Complete

By State Rep. Ann Flood

The Jacobsburg Environmental Education Center recently celebrated the completion of a major streambank restoration along Bushkill Creek. The project restored 1,600 feet of the creek to improve habitat, strengthen climate resiliency and expand public access for the community.

Thank you to the Department of Conservation and Natural Resources and everyone involved in making the project possible, including DCNR Secretary Cindy Adams Dunn and Rob Neitz, Jacobsburg State Park manager. My legislative aide, Lisa, attended the celebration on my behalf.
