When it comes
to housing,

little things
shouldn't make
a difference.

If you have children and a landlord refuses to rent to you, requires a higher security deposit, limits the use of facilities, or says you can only live in certain areas of a housing complex... that could be discrimination. And housing discrimination is against the law.

FAIR HOUSING IS THE LAW!

Rt. 80 Expansion

Continued from page 6

as the most unsafe corridor, the project must address the worst area first.

The current I-80 expansion project is only the first step leading toward the end goal of a full three-lane highway in each direction from the Water Gap up to I-380. Efforts are already underway to begin the next section by the time this project is finished.

And let's not forget that the expansion is not just for out-of-town traffic, rather, area residents use I-80 as a local road as well. Adding a third lane in each direction will allow for improved traffic flow when accidents occur and will better accommodate traffic that enters and exits I-80 within Monroe County. On a daily basis, over 20,000 vehicles traveling north on 209 enter I-80 East and exit before Delaware Water Gap.

I am pleased that over half a billion dollars of federal transportation funds are being spent in Monroe County on this project alone. The expansion of I-80 addresses a number of long-standing safety issues with the highway and helps put Monroe County on the map as we continue to invest back into our regional infrastructure.

I will continue to push for solutions that plan for future growth and balance the concerns of our local community. I encourage anyone interested to reach out to me personally to discuss further.
