Grace United Methodist Church
 VBS@Home from Grace UM Church A little (or maybe not so little) virus is not going to stop Grace United Methodist Church in Pen Argyl from having a Vacation Bible School program this summer. It will be different than usual, but it will be good! VBS will be at your home this summer. Each week you'll come to the church to pick up a packet and then the children will do the activities at home. Stories, worksheets, crafts, games and activities and a Bible memory verse. There will be packets for three age groups—pre-k-k, 1st-3rd, 4th and up. Starting June 29 and going for five weeks, pickups will be from 10-11 am and 6-7 pm. Registrations are required so we have enough materials prepared. Go to www.worshipatgrace.org, scroll down to Grace VBS@Home and click on the registration link.

For more information please call the church office at 610-863-4811 or email graceumc@worshipatgrace.org.

Families can find a scavenger hunt at Cherry Valley refuge
 Once a golf course, Cherry Valley National Wildlife Refuge near Stroudsburg, Pa., is now a haven for birds, butterflies, bees and other pollinators. For families who enjoy a fun challenge, there are worlds to discover, and Brodhead Watershed Association offers a scavenger hunt to encourage adventure.

Sharp-eyed kids will find at least five distinct habitats— a sunny meadows, stream, and brush pile are three of them. Another is the small wetlands where native cattails grow, home to red-winged blackbirds, wetland plants, frogs, salamanders and turtles. Stretches of forest habitat provide a shady retreat along the creek and also line the upland boundaries of the old golf course, where you might see the opening of a groundhog burrow, coyote scat or white-tailed deer.

Wood turtles, bog turtles, rabbits, foxes, bears and bobcats thrive as their habitats return. Fish, aquatic plants, water striders and other bugs

are coming back, too. The water of Cherry Creek is fertilizer-free and healthy again.

"Nature does most of the work," says Jared Green, refuge manager of CVNWR for the U.S. Fish and Wildlife Service. "We humans help by cutting out the fertilizers and insecticides that hurt the creek. Then we just get out of the way."
