Grand Opening of NEPA Business Technologies

By Senator Rosemary Brown

Congratulations to NEPA Business Technologies on their grand opening earlier this week at their location on Main Street in Stroudsburg!

Whether you need network security, managed IT services, hardware solutions, or ongoing tech support, their team of business technology professionals is there to help optimize your productivity and protect your systems. They are happy to provide referrals so you can hear firsthand how they have helped others succeed.

Kristine from my office attended the ribbon cutting ceremony to present them with a citation from the Senate of Pennsylvania!

NEPA Business Technologies proudly begins a new chapter as ownership transitions from former owners (Right Photo) Jim and Marge Becker to new owner (Left Photo) in center with family Jon Tice. Since 2021, NEPA Business Technologies has been dedicated to helping businesses reach their goals by taking stress out of technology.

Measure to Help Veteran-Owned Businesses Approved by Senate

By Senator Rosemary Brown

Beyond serving our nation in the military, many veterans create jobs through their entrepreneurial spirit. We approved legislation to promote these veteran-owned businesses.

Senate Bill 64 would authorize the creation of a special logo to promote veteran-owned businesses. To be eligible, a business must be registered with the Department of State and at least 51% of the ownership interest must be held by a veteran, reservist or member of the National Guard.

To discourage the logo from being used fraudulently, anyone who falsely claims to be a veteran to obtain this designation would face a misdemeanor of the third degree. The bill was sent to the House of Representatives for consideration.
