a WILD week IN REVIEW

It's been a very busy—and unfortunately chaotic—week in Washington as we approach the deadline for funding the government at the end of the month. More on all that below.

This week, I was glad to welcome many Pennsylvanians to my office. From Pennsylvania representatives from Head Start and the NEA, to the American Association of Orthopedic Surgeons and the Volvo Group, I'm always happy to hear from people in PA-07 about their priorities, so I can get to work to deliver for our community.

Additionally, I was happy to share that the Lehigh Valley International Airport and Queen City Municipal Airport will receive federal grants to support runway improvements! Our local airports are key pieces of infrastructure that connect our community to the rest of the country and the world, and I'm thrilled to see this investment coming home to PA-07 to strengthen the Lehigh Valley's transportation infrastructure and drive our economy forward. Click here to read more.

Finally, another reminder about the upcoming deadline for applications to our United States Military Academies: I am so honored to nominate dedicated, hardworking students from PA-07 to attend the four U.S. Military Academies, and this year's deadline to apply is Monday, October 2, 2023. Click here for more information, and please don't hesitate to reach out to my team's Military Academy Coordinator with any questions at 484-781-6000.

Rep. Wild Kicks Off Bipartisan Rural Health Caucus

On Wednesday, I joined my colleagues on both sides of the aisle to kick-off the Bipartisan Rural Health Caucus! This caucus provides a forum for Republicans and Democrats to work together to advocate for policy action to improve access to quality, affordable health care and mental health services for rural communities in PA-07 across the country. I participated in a roundtable with other members of Congress and a representative from the National Rural Health Association to talk about what rural health care access looks like for people in our districts, and areas of collaboration like expanding access to telehealth, strengthening our workforce, and more.

Whether it's advocating for fair reimbursement rates for rural hospitals in my bipartisan Fairness for Rural Teaching Hospitals Act, or pushing to protect the 340B drug pricing program, I'll continue pushing to make sure that everyone—no matter where they live—can access the quality, affordable care they need to stay healthy.
