## Portland Power Plant Improvement Project

By Rep. Ann Flood

I am pleased to announce that \$1.5 million in funding has been allocated for a critical project in the 138th District at the Portland Power Plant through the Redevelopment Assistance Capital Program (RACP).

Upper Mount Bethel Township in Northampton County is set to receive \$1.5 million for the abatement of hazardous materials at the power plant site and the demolition of one of the boilers.

This investment will enable Northampton County to safely address hazardous materials at the Portland Power Plant site and proceed with the demolition of one of the boilers, paving the way for future development and ensuring a healthier environment for our community.

As a state legislator, I am committed to securing necessary funding for our district, and I appreciate everyone's support in helping to obtain these grants.

The Redevelopment Assistance Capital Program (RACP) is a Commonwealth grant program administered by the Office of the Budget for the design, acquisition, and construction of regional economic, cultural, civic, recreational and historical improvement projects.
