Election Day Catastrophe, Voter Machine Disaster in County: We Want Answers!

By Rep. Ann Flood

PENARGYL-I have been very distressed with what transpired in Northampton County on Election Day. It is absolutely unacceptable for this to happen! To hear that the voting machines were coded wrong and your selections for judge retention were flipped is beyond me. How does this happen? Why aren't these machines thoroughly checked for errors and cleared before they are used on Election Day? Voters were being sent away and told to come back later.

There were people who were unable to come back because they had to work or had other obligations. How is that fair? Polling places only had a few paper ballots for people to vote provisionally before they completely ran out. Voters are being silenced. This is the biggest display of voter disenfranchisement that I have ever seen. The news conference with the county executive gave the vibe of nothing to see here....everything is under control. Nothing was under control. People are angry and want answers. Heads should roll!

Someone needs to be held accountable and it begins at the top. We have a presidential election taking place in five months and we haven't had a clean election with these new voting machines in years. My office has been in contact with the House State Government Committee to make them aware of the situation. It is imperative that we do everything we can to restore faith and confidence in our voters that we can have a free and fair election not only in Northampton County, but in the state of Pennsylvania.

We need someone in there that can get the job done, and clearly the folks in our county in charge of our elections cannot execute the job! I have been encouraging anyone who experienced an issue to contact the County Election's Board and Lamont McClure, Northampton County Executive. We want answers. We must have answers.

Wind Gap Fire Company

Presents

December 2, 2023

The Dueling Pianos

Tickets \$25

Italian Style Dinner Buffet

Beer And Wine Available For Purchase

Doors open @ 5pm

Dinner 5:30-6:30
