BETHLEHEM - Learn more about NCC's Nursing Reactivation and Review Programs at our Virtual Information Session on December 5

BETHLEHEM, PA - Northampton Community College (NCC) is offering both their Nursing Reactivation and Nursing Review programs this spring to help RNs and LPNs get back into the field. The Nursing Reactivation program is designed for nurses who want to reinstate their licenses, international nurses looking to practice in Pennsylvania and nurses who have been away from practice and want to update their skillset.

The program includes both classroom and clinical labs. The Nursing Review program is geared toward graduate nurses preparing for the NCLEX or for nurses who wish to review basic nursing knowledge. Both programs incorporate information on recent technological advancements to ensure that nurses are up-to-date with the latest developments and are equipped to succeed when they re-enter the workforce.

Join NCC for a free virtual RN and LPN Reactivation and Review Information Session on Tuesday, December 5, at 6 p.m., to go over the programs and answer any questions.

To register for the information session or enroll in a program, please visit www.northampton.edu/nursingce or call 610-332-6585. For questions, please email healthcare@northampton.edu. Each of the programs run this spring from January 29 - May 13.
