

DeSales

Continued from page 1

In addition to being an alumnus, Fainor previously served on the University's President's Council, and then on the University's Board of Trustees for 13 years.

"I have a long-term relationship with DeSales and I couldn't be more proud to be part of the DeSales community," he said. "In addition to being an alumnus and on the Board of Trustees, I've lectured at DeSales to business students. I've been very involved here and I'm going to continue to stay involved."

During the dedication, Fainor thanked the DeSales community for the honor and stressed the importance of investing in students, as well as the importance of ethics and values in business and how they are being taught at DeSales University.

Fainor served as a Group Executive of BB&T from April 2016 until his retirement in February 2019. Prior to that BB&T, he was President and CEO of the public company National Penn Bancshares, Inc. and a member of the Board of Directors from January 2010 to April 2016.

Headquartered in Allentown, National Penn was a \$10 billion-asset commercial bank with banking, investment, insurance and trust operations in Pennsylvania, New Jersey and Maryland. Under Fainor's leadership, the bank was ranked No. 1 in Pennsylvania by Bank Director magazine in 2015 and was No. 17 in Forbes magazine's Top 100 Largest Banks in America.

After Fainor started his career in banking and finance, his father introduced him to Father Daniel Gambet, then president of DeSales University. Gambet convinced Fainor to enroll in the university's adult evening program, and Fainor said DeSales has been close to his heart ever since.

"DeSales was the place for me to be," Fainor said.

Greenfield opened his dedication remarks noting how appropriate it is that the Fainor family name will now be used in a building named for Gambet.

The Fainor Center for Financial Services is located on the second floor of the Gambet Center for Business and Health Care at the Upper Saucon Township campus. It is a specialized business classroom designed to look and feel like a trading floor, with a digital ticker tape, flatscreen monitors broadcasting financial news, and computers with specialized financial software.

"It is important that we teach our students how individuals and corporations raise and manage capital," said Chris Cocozza, Chair of DeSales University's Division of Business. "Having this center gives students access to sophisticated investment analysis and forecasting software."

During the dedication ceremony, Nolan Beck, a DeSales University senior majoring in accounting and minoring in data analytics, spoke about the importance of the center to the students, describing it as "Wall Street-esque."

The Fainor Center for Financial Services was formerly known as the Talen Energy Trading Room. DeSales University is an investor with LVEDC.

Expanded Hours At The Drive-through Testing Site

By Becky Bartlett

EASTON - With the increased demand for COVID-19 tests, the drive-through site located at Coordinated Health, 3100 Emrick Blvd, Bethlehem, PA is expanding its hours for next week: January 3 – 7, 2022. Testing will be available Monday/Wednesday/Friday from 8:00AM – 4:00PM and on Tuesday/Thursday from 10:00AM – 6:00PM. Appointments are not required for COVID-19 tests.

Vaccinations with Pfizer, Moderna and Johnson & Johnson shots are available by appointment during the site's regular hours: Monday/Wednesday/Friday from 10:00AM – 2:00PM and Tuesday/Thursday from 3:00PM – 6:00PM.

"Cases, and the need for testing, has risen due to the Omicron variant and the holidays," says Lamont McClure. "We are expanding our hours next week to meet demand and will adjust them accordingly as we move forward."

To make an appointment for a vaccine at the COVID-19 testing site use one of the following options:

Schedule at the LVHN website at LVHN.org/appointments.

Schedule on the MyLVHN patient portal, at MyLVHN.org.

Call 833-584-6283 (833-LVHN-CVD). The COVID-19 Vaccine Hotline is open Monday-Friday 8:30 a.m.-5:30 p.m. and Saturday-Sunday 9 a.m.-5 p.m.

A Physician's order is not required for a COVID-19 test. The drive-through site is open to everyone, but only residents of Northampton County will have the cost of testing covered by the County if they do not have health coverage. All testing will be through HNL Lab Medicine unless insurance requires an alternate laboratory. Participants should bring a photo ID and their insurance card, if they have one, with them to the testing site.

The drive-through vaccination/testing center is a collaboration between the Northampton County Department of Community and Economic Development, Emergency Management Services and Lehigh Valley Hospital-Coordinated Health Allentown Hospital (LVH-CHA).
