

Offering Veteran Service Appointments

By State Rep. Ann Flood

I host veteran assistance hours at my district office, located at 962 Pennsylvania Ave., Pen Argyl, on the second Wednesday of every month from 10 a.m. to 2 p.m. American Legion Service Officer Eric Medei will be available to help veterans and their widows with military benefits.

We owe our veterans so much for their service and sacrifice, which is why I'm committed to offering this support.

This service is available by appointment only. To schedule an appointment, please call 610-746-2100.

Looking for Summer Work?

By State Rep. Ann Flood

PennDOT is looking to hire college students to supplement its permanent workforce from May through August.

The job typically entails seasonal maintenance work, crash system input and analysis, and maintenance and custodial services at roadside rest facilities. Many students also perform laboring and flagging duties in maintenance organizations and at highway worksites.

To be eligible for consideration, candidates must be a Pennsylvania resident or currently enrolled full time or part time in a two-year degree, bachelor's degree or advanced degree program at a Pennsylvania college or university. They also must be in good academic standing (as defined by a GPA of 2.0 or higher), and at least 18 years of age.

The hourly rate is \$17.38. Interested applicants should apply online here.

Non-student summer positions may also be available.

Hot Careers Dashboard

Continued on pag 1

"The Hot Careers Dashboard is an excellent tool for users to explore high-demand areas in healthcare. It is helpful for students making their first big career decisions and for current employees exploring their next career steps," said Andrea Reger, Career Development Manager at St. Luke's University Health Network.

LVEDC has created a tutorial video explaining how to use the dashboard. View it here.

You can download the Hot Careers Guide here. It is distributed broadly to school leaders to support career awareness and exploration by 60,000 middle and high school students across the Lehigh Valley.

The dashboard has been recognized with awards by the International Economic Development Council and The Council for Community and Economic Research.

The guide and dashboard are part of LVEDC's award-winning talent development, attraction, and retention strategies.

LVEDC's talent attraction and development strategies are driven by the Education and Talent Supply Council, a collaboration of educational institutions, major employers, and economic development and workforce agencies. The council focuses on creating and executing data-driven regional strategies that help the Lehigh Valley maintain a competitive workforce and talent supply.

Searching for Scholarships and
Affording the Balance

There are many ways to pay for higher education, and an important step is searching and applying for scholarships. The more free money you can earn means less money you have to pay back. The presentation will cover types of scholarships available, tips for creating scholarship resumes, and briefly discuss how you can pay for the balance after all your free money is taken into consideration. The presentation will include several resources, including current scholarship opportunities, join members of the private lending team to learn more.
