## Da Vinci Science Center Summer Camp Registration Now Open

By Caroline Scutt  
ALLENTOWN, PA. February 18, 2022 – Old man winter may still be hanging around, but things are warming up at Da Vinci Science Center with an array of summer camps for children from kindergarten through 8th grade.

A variety of week-long and single-day camps led by experienced educators will inspire hands-on science activities that encourage campers to think creatively, be curious, and learn through their own observations and discoveries. Campers will make new friends, develop life-long critical thinking skills, and of course have the most fun with science.

There are over 25 different camps to choose from, ranging from Animal Detectives to Coding Crusaders and Biomedical Marvels. Whichever session they choose, campers will explore the world of STEAM - science, technology, engineering, art, and math – just like Leonardo da Vinci!

For more information or to register, visit [www.davincisciencecenter.org](http://www.davincisciencecenter.org) or follow them on Facebook. Register before March 15th and receive an early bird discount.

The summer camp programs are sponsored by Reach Cyber Charter School. Scholarships are available through the Liny Fowler STEAM Scholarship Fund; learn more at [www.davincisciencecenter.org](http://www.davincisciencecenter.org).

Da Vinci Science Center COVID-19, these procedures have been updated extensively, informed by current recommendations from local, state, and federal health officials, agencies and authorities, including CDC guidelines.
