

# Continuous Materials and WM

## Working Together To Give Hard To Recycle Plastics And Paper A Second Life.

By WM

**SLATE BELT** - In January, WM Organic Growth, a wholly-owned subsidiary of and announced the closing of a joint venture that provides financial, commercial, and operational support to Continuous Materials to assist the company with scaling production facilities within the waste-to-product industry.

Continuous Materials develops and operates manufacturing facilities that upcycle plastic and fiber materials from municipal solid waste into Everboard™, a proprietary, high-performance, low-slope roof cover board. Continuous Materials' process reduces landfill waste and will generate significantly lower life-cycle greenhouse gas emissions than competing products made from traditional materials.

"At WM, we are unlocking impactful sustainable solutions as we move toward a more circular economy, and the Continuous Materials business is one example of what we're aiming to achieve," said , president and chief executive officer, WM. "Continuous Materials brings an innovative solution that recovers recyclable materials in addition to materials that cannot otherwise be recycled and gives them a new, purposeful life. We look forward to working together with to grow the Continuous Materials business while achieving a shared goal of reducing waste."

The joint venture enables Continuous Materials to develop additional facilities at WM sites and launch its first full-scale municipal solid waste-to-Everboard™ production plant. Once fully operational, the plant is expected to produce more than 150 million square feet of Everboard™ annually within the first three years. Currently, Continuous Materials supplies Everboard™ to a range of commercial customers, including large national retail chains, industrial manufacturing facilities and distribution centers.

## 25th Annual Community Aviation Day Fly-in-Drive-in Breakfast

Pocono Mountains Municipal Airport

**MT POCONO** – Following COVID19 Social Distancing Directives, the Mt Pocono Rotary moved this year's Community Aviation Day Fly-In Drive-In Pancake Breakfast to Sunday, September 5, 2021 from 8a.m. to 2p.m. with proceeds benefiting Mt

Pocono Rotary and the East Stroudsburg Salvation Army. For the past 25 years, this popular community event has been held rain or shine at Pocono Mountains Municipal Airport.

Mark Turner, Event Chair, comments, "The day's events include a pancake breakfast, airplane and helicopter rides, children's activities, civilian and military aircraft displays, a Huey helicopter, emergency services and antique car displays even plans for a parachute jump."

Tickets are \$10 for adults and \$6 for children ages 12 and under. The day's activities include free airplane rides for kids ages 8-17 \*weather and space permitting. Parking is free.

Turner continues, "This event was created 25 years ago to give residents and visitors to our area the change to visit the airport, see a variety of airplanes, experience helicopter and airplane rides and generally find out about how to get youth involved with aviation. It has grown to be one of the Mt Pocono Rotary's largest annual fundraisers with over \$200,000 raised that has been distributed to non-profit and deserving causes throughout the community."

The mission of the Salvation Army of East Stroudsburg is to preserve human dignity while empowering people to reach their potential through honoring heritage, strengthening family values and meeting human needs. In tough economic times

and throughout the Pandemic, when thousands of neighbors have found it hard to feed their families, the need for services provided by the East Stroudsburg Salvation Army has been under even greater pressure with over 2 million meals served to those in need. In addition, the Salvation Army has provided grants for rent, utility assistance, heating fuel, shelter and healthy food for thousands of families thanks to donations from individuals, organizations and the generosity of the Mt Pocono Rotary.

In addition to free airplane rides for kids ages 8-17 donate by volunteers for the Young Eagles EAA Program, airplane and helicopter rides can be purchased with proceeds benefiting the charities. Those rides are donated by event sponsors: Moyer Aviation; Hi-Tech Helicopters; in addition to Papillon and Moyer Excavation. Sponsors for the event include Pocono Manor Investors; Bailey's; Shoprite; Smuggler's Cove, as a lead sponsor for their food donation; Besko Outdoor; Sky's the Limit for the parachute demonstration and many more area businesses and organizations.

Turner concludes, "We are offering sponsorships and ads in our program booklet that will be distributed to our attendees. We welcome area businesses to join us in raising money for Rotary and this year's very worthy charitable organization."

Pocono Mountains Municipal Airport is located just off Rt. 611 at 188 Airport Drive, Tobyhanna, PA. The event is held rain or shine. Tickets can be purchased day of or in advance at RotaryFlyInBreakfast.com or by calling 570.839.7161.
