## Vietnam War Veterans Day March 29

By Senator Scavello

**PEN ARGYL** - On March 29, 1973, U.S. combat and combat support units began to withdraw from South Vietnam.

It marked the beginning of the end of a conflict that cost the lives of more than 58,000 Americans. Returning veterans did not receive the welcome they deserved, and many dealt with the effects of war alone. National Vietnam War Veterans Day was established in 2017 for us to express our heartfelt admiration and to pay these veterans the respect they earned.

## Trout Stocking at North Main Street Bangor

By Michael Ortoski

**BANGOR** - PA Fish and Boat stopped at North Main Street bridge in Bangor to stock the Martins Creek stream on Wednesday, jut one of a few locations. The official opening day for trout season is April 2nd 8 am, there is no early season for Northampton County as was in the past.

Minsi Lake was stocked last week with 4000 trout, brook, rainbow and golden.

### Pennsylvania's BEST Fishing Waters

Pennsylvania's waters provide outstanding fishing opportunities for a wide variety of popular fish species. While fish species are distributed and available throughout the Commonwealth, some waters are superior to others with respect to their ability to provide a better fishing experience. In the past, when anglers had more free time to investigate individual waters, they discovered through trial and error those waters that provided better fishing. With free time being at a premium, seasoned anglers, anglers new to the sport and non-resident anglers have less time to weed out the less productive waters and search for ways to increase their success and enjoyment out of their time spent fishing.

"Pennsylvania's Best Fishing Waters" is a program established by the Pennsylvania Fish and Boat Commission (PFBC) to serve as a valued resource to address these anglers' needs and to increase the accessibility of proven waters with the result of a more successful fishing trip.
