About the 'Rivalry Award.'

"The Bangor Pen Argyl rivalry is alive and strong in the baseball world. We have created a season rivalry award to be passed between the two schools for years to come. The award will go to the team who either wins both head to head games or if we split it goes to the team that scores the most runs. This award gives a little extra meaning to the importance of our rivalry and gives our players a little extra to play for throughout the season.
