Pa. Fish and Boat are Creating Fish Habitats

By Michael Ortoski

UPPER MOUNT BETHEL TWP.- A total of 640 large-scale fish habitat structures are being built from stone and rough-cut timber at Minsi Lake in Upper Mount Bethel Township by the Pennsylvania Fish and Boat Commission. A two-phase fish habitat project paid for by Friends of Minsi Lake, while the lake is drained and the dam is under construction.

There will be an additional 300 fish and turtle habitat structures that will be built this fall then placed and submerged in the lake by boat.

Tim Schaffer Executive Dir. of Pa. Fish and Boat made the trip down from Harrisburg to view the work being done in the lake bed.

Northampton County Jr. Conservation brought a bus load of their summer campers to see and learn about the lake's new fish habitat structures and why the lake needs them.

Grand Central Landfill Hosts 5 Fire Companies for Training Night

By Adrienne Fors

PEN ARGYL, - More than 75 men and women toured the Grand Central Landfill on July 8 for a special training focused on emergency management and fire safety. The Grand Central Landfill hosted the five area fire companies as part of a bi-annual training session.

The group included firemen from Plainfield Township, Wind Gap, Pen Argyl (Lookout Fire Company #1), Bushkill Township and Klecknersville.

The tour included a detailed discussion about Waste Management's Compressed Natural Gas (CNG) fleet and how to handle any potential emergencies. Brian Stahl, a Grand Central Hauling truck driver, and Maintenance Supervisor Bruce Archer demonstrated to the group where the shut off valve was located on the trucks and how to handle the fuel in case of an emergency.

Brian is no amateur when it comes to Waste Management's trucks. He has spent 26 years with Grand Central
