Additional Relief on the Way to Pennsylvanian's

By State Rep Joe Emrick

BANGOR - In addition to saving for the future by bulking up the Rainy Day Fund and paying off debts, the 2022-23 state budget also provides much-needed relief to Pennsylvanians.

The \$42.8 billion budget enacted earlier this month helps our most vulnerable citizens by creating a first-ever PA childcare tax credit to support working families; providing a one-time

enhancement of the Property Tax/Rent Rebate program for low-income seniors and people with disabilities; and directing additional money to the Low Income Home Energy Assistance Program (LIHEAP) to help low-income residents (including seniors) cope with inflation and higher utility costs.

Martin on Main Returns After Three Year Hiatus!

By Michael Ortoski

LEHIGH VALLEY - The Nazareth Area Chamber of Commerce (NACC), a proud partner of the Greater Lehigh Valley Chamber of Commerce, is thrilled to be bringing back the famous Martin on Main music and guitar festival after a three year hiatus!

Starting at noon on Saturday, July 30th, over sixty acts will be performing on, not one – but TWO stages in downtown Nazareth! Music and guitar lovers will enjoy seven hours of entertainment, featuring Laurence Juber, a two time Grammy Winner as headliner, and over sixty supporting acts to keep Nazareth's Main Street rockin' all afternoon.

Featuring Wil & Robert, The Beautiful Distortion, Kelsey & Grace, Rod Abernathy, Keith, John, & Sue, Melody Cruz, Brian Dunne, Dina Hall, The Audio Files, and many more!

Don't think there's only music to enjoy at this festival! The Nazareth Branch of the Greater Valley YMCA will be hosting a farmer's market in their parking lot. In addition, Main Street will be closed to vehicles and open to foot traffic from The Circle all the way down to Belvidere Street. Food truck vendors, crafting vendors, and alcohol will be available to those over 21.

Thanks to our headlining hometown sponsor, Martin Guitars, we also have a raffle to win! The classic D 28 guitar, valued at over \$3,000, is a fantastic instrument that has been a staple in many artists' collections!

St. Luke's Advises Public to Be Aware of Updated Covid Test Expiration Dates

By Sam Knowles

Consumers should go online to check updated Covid test expiration dates before using the tests – or before discarding apparently expired tests.

The expiration dates on test packaging may NOT be accurate.

The expiration dates for many tests have been extended by the Food & Drug Administration after further review of test manufacturers' newly submitted data.

For tests whose expiration dates have not been extended, however, consumers should respect the dates on the tests' packaging. Expired tests do not provide reliable results.

"At this time, most people who need Covid tests are relying on over-the-counter, at-home tests, so it is extremely important that they understand how to properly evaluate expiration dates," said Jeffrey Jahre, MD, St. Luke's Senior Vice President of Medical & Academic Affairs and Section Chief Emeritus of Infectious Diseases.

To check the FDA'S latest guidance on common tests, go to: <https://www.fda.gov/medical-devices/coronavirus-covid-19-and-medical-devices/home-otc-covid-19-diagnostic-tests#list>.
