

Slate Belt History From The Archives of Donald Jones

Exclusively in the Blue Valley Times

It was September 1999 that friends joined me at the Bangor Elks home when I was named "Veteran of the Year" in northampton county. After 21 years, it is an award I will Always treasure. A prestigious award from veterans makes this so special.

Who Wins

Continued from page 7

to only include over 25%. Residents question lighting, noise, odors, fumes, traffic, community infrastructure impact, warehouse community stigma, property values and the impact to health and quality of life.

This may seem out of the neighborhood for many residents, but it has ongoing impact locally and regionally. Concerns are it would be a little Lehigh Valley. Is that who we want to be in the middle of so many natural assets? Residents are asking for a seat at the table to be heard. We have five elected Supervisors and five appointed Zoning Hearing Board members that make the decisions for us. We want more insight into the positive partnership picture being given, as we have had these promises of tax relief before without the degradation to our environmental quality. We understand real estate transactions have some degree of privacy, but we are at the point now that public participation should weigh in before more trees are cleared and more land is dozed with no official plan. Once destroyed, habitat is difficult to or never restored. Given the uncertain times with the Coronavirus and unsteady economy it would seem prudent to discuss our options and take a slower contemplative approach to help develop in a manner profitable for all. Let your voice be heard.
