

Eagle Scout Projects

By Michael Ortoski / Jim Wilson - FOML Members
 UPPER MT. BETHEL - Two Eagle Scout Projects were installed at Minsi Lake this past weekend. A brand new interpretive wayside kiosk about the former Poliskiewicz Trout Hatchery that was once located on the north side of Minsi Lake, before the lake was built. This was built & installed by Eagle Scout Jackson Krei. It replaced an earlier one by Eagle Scout Aaron Knecht.

The second project was Eagle Scout Adam Tucker's 'journaling stations' that he built & installed at the Lake. Four journaling benches & one stand up unit were installed.

One bench on the west side, two benches on the lawn on either side of the South Shore Jetty, one bench on the east side & one standing unit next to the concrete bulkhead at the East Shore Boat Launch.

Included in the station's are cabinets which are empty now but 'Friends of Minsi Lake' will be filling them with journaling & sketching materials & supplies.

This is a great addition to all the other amenities that 'Friends of Minsi Lake' has and will continue to install.

I hope parents will bring their children out to the lake and have them learn and sketch the many wonders the lake has to offer us.
