

## County Of Lehigh, Lv Zoo Welcome Baby Bison

Lehigh Valley Health Network is the Official Motherhood Partner of the LV Zoo

By Matt Provence / Chief Operating Officer

(Schnecksville, Pa.) -- County of Lehigh, in conjunction with Lehigh Valley Zoo, is excited to announce that a bison calf has joined the herd. The calf was born on Oct. 14 and was the second born this year; and the fourth overall birthed by its mother. Lehigh Valley Health Network who is the official motherhood partner of the Lehigh Valley Zoo.

Both the calf and its mother are doing well and are being monitored by LV Zoo Animal Care staff and veterinarians on the Trexler Nature Preserve, which surrounds the zoo property. LV Zoo is contracted by Lehigh County to care for the elk and bison in the Trexler Nature Preserve. The herd of bison now consists of 14 members.

Bison are one of the first North American conservation success stories. The species was near extinction in the late 1800s, when they were hunted for their meat and bones but primarily for their hides. By the end of the 19th century, bison populations were eliminated over 98 percent of their range in the lower 48 states, resulting in fewer than 1,000 individuals remaining. Today, bison are making a comeback through population management on ranches and tribal lands, and protected parks and preserves such as the Trexler Nature Preserve.
