

Scavello

Continued from page 1

Brian Fensermaker and I put together a 95 photos slide show that ran on a loop during the event from photos of Scavello at different events over the years.

I am co-chair and I spoke about the Minsi Lake project 'Friends of Minsi Lake.' Both Scavello and Emrick were instrumental in getting the funding for the repair of the \$4 million dam and creating 'Friends of Minsi Lake' the new caretakers of the park. Northampton County is 100% behind the project and County Executive LaMont McClure was the first to pledge \$500,000 in matching grant money.

The last of the evening was 'The Dance.' Karen Frey requested the DJ to play one of Scavello's favorite songs to dance with his wife. She was a little reluctant but gave in and then everyone joined them on the dance floor.
