FuSia Dance Center to Perform "The Nutcracker"

By Anne Brown

STROUDSBURG - FuSia Dance Center is excited to be producing "The Nutcracker" as their 4th annual winter ballet! Come and join the dancers at Notre Dame High School in East Stroudsburg on December 14th at 5pm and December 15th at 3pm for this magical tale as we follow Clara from a holiday party to the land of the sweets!

On Saturday several of the dancers performed at the 'Welcome Santa Celebration' at the Stroud Mall. The dancers aged 4-18 years old performed five excerpts from the ballet to a packed crowd filled with family, friends and shoppers.

Choreography by Joseph Ambrosia, Brielle Johnson, Francesca Marinaro, and Director: Bridget Hopkins is sure to delight audience members of all ages! Tickets will be on sale at the studio beginning December 6th and available at the door.

FuSia Dance Center is a school that combines the study & discipline of dance technique, as well as artistry & personal growth. Over 100 technique classes to choose from ranging in ages 2-adult. Classes such as mommy and me, creative dance, ballet, jazz, tap, modern, hip hop, contemporary, conditioning, theater dance, acro & more! FuSia Dance Company represents dance in the Monroe County for young aspiring dancers who seek the pre-professional experience of life as a performer. Art, poetry, and multimedia are other mediums used by the company to further explore the unity of all art and expression. All available classes are posted on their website. You can register for them online by clicking the "register" link next to the available class. Tuition discounts & family pricing, including unlimited class packages are available.

FuSia Dance Center is located at 2123 West Main Street, Stroudsburg. Visit www.fusiadance.org or call 570-421-7895 for more information or questions.

Minsi Lake Update

By Michael Ortoski

UPPER MT. BETHEL - The paving contractor recently paved the west shore jetty and rolled the west shore picnic grove trail

that the Northhampton Parks & Rec excavated it 6' wide and stoned it last week.

The west shore driveway entrance and the top of the west shore boat launch is all prepped for paving which will happen any day now. A subcontractor has installed erosion matting at the dam site on the banks of the walkways.

At both East and West entrances the old park signs have been taken down and the new frame have been installed for new signs to be installed in the coming weeks.

The Dam work has been completed, the process of filling it will start soon. The process will start by filling the dam 2' draining 1', filling 2' draining 1' while engineers inspect the work until it's filled.

The lake will be ready for the 2020 trout fishing season and will be stocked as it has been in the past.

Other work that will be done at both parking lots is the old metal gaurdrails will be removed and be replaced with wood fencing structures, and new additional signage.

Working Toward a Healthier PA

By Rep. Joe Emrick

BANGOR - Delivering affordable and accessible health care options for Pennsylvania's families is a top priority of mine and of the House Republican Caucus.

Continuing our commitment to delivering affordable and accessible health care options for Pennsylvania families regardless of where they live, we in the House advanced several health-related initiatives this week.

With prescription drugs playing an important role in both treatment and preventive care, we approved bills addressing the Commonwealth's use of pharmacy benefit managers (PBMs). The measures aim to remove gag clauses that prevent pharmacists from advising their patients of options to save money on their prescriptions by bypassing insurance and ensure fair pricing and accountability regarding the use of PBMs for the state's Medicaid program.

Through Healthier PA, House Republicans are acting to bring affordable and quality health care to all the citizens of Pennsylvania. No matter where you live, every Pennsylvanian should have access to a family doctor or specialist as needed.

Ultimately, Healthier PA is aimed at ensuring Pennsylvania's health care system is patient-centered, where doctors and patients are making health care decisions.
