30th Year Of Dedicated Service To The Borough Of Roseto

By Senator Scavello

ROSETO - Monday night I stopped by Roseto Borough to present a citation to Cathy Martino as she completes her 30th year of dedicated service to the Borough and its residents. Since 1991 Cathy has been Borough Secretary and eventually became the manager in 2010. A resident of the Borough since 1978 Cathy is an exceptional resource for everything as it relates to the Borough. Congratulations Cathy!

Troop 84 Newest Eagle Scout, Cole Fetterhoff

By Senator Scavello

MONROE COUNTY - Congratulations to Troop 84 newest Eagle Scout, Cole Fetterhoff! Cole renovated a fire circle at Twin Pines Camp. He removed old benches and a cross, leveled the area with fill material and added a finished layer of stone. Cole built new benches and a new cross, along with a new fire ring for the campfires. He also placed lights for safety at the fire pit.

Senate Prohibits Vaccine Mandates for School Children

As Pennsylvania has struggled to keep children in their classrooms because of questionable COVID-19 policies, the Senate acted to prevent students from being barred from school if they don't get vaccinated for COVID-19.

Senate Bill 937 would prohibit a child from being required to be immunized for COVID-19 as a condition of attendance in any public or private K-12 school. The bill now heads to the House of Representatives for consideration.

The bill does not contest the efficacy of the Pfizer-BioNTech COVID-19 Vaccine, which is now available to children ages 5

to 15 under U.S. Food and Drug Administration (FDA) emergency use authorization, and full FDA approval for anyone 16 years of age and older.

The legislation acknowledges parents have a right to be involved with the health care decisions for their children. And because the COVID-19 vaccine for those under age 16 has only received FDA emergency use authorization (EUA), federal EUA law prohibits patients from being coerced into taking the vaccine. That means those children have the right to refuse the medical treatment, with their parents exercising that right on their behalf.

Merry Christmas
