

## May is Lyme Disease Awareness Month

By State Rep Joe Emrick

BANGOR - Did you know not all ticks carry Lyme disease? How do you know for sure?? East Stroudsburg University offers free tick testing to analyze the type of tick, whether it's carrying Lyme or other tickborne diseases, and even an estimate of how long the tick has been attached.

It's easy to take advantage of free testing. Simply remove the tick by carefully pulling it straight out with tweezers and then placing it in a bag; order the tick test online; and then mail the tick and your receipt to the lab for free testing. Once the university receives the tick, you'll have your test results within three business days.

To learn more or to order a tick test, visit [ticklab.org](http://ticklab.org) or click PA Tick Research Lab.

## Ride the Josiah White II Canal Boat

By Michael Ortoski

EASTON - The 48-ton Josiah White II canal boat plies the waters of old Section 8 of the Lehigh Canal in Hugh Moore Park. Our trained and authentically-dressed crew interprets the story of the anthracite canals and the people who worked and lived on them. Canal boat tours are 45 minutes long and leave the dock at 12 noon, 1, 2 and 3 pm. Tours run rain or shine, except during thunderstorms or high winds. The canal boat is limited to 25 passengers and is wheelchair accessible.
